

# GSA Rate Schedule Summary

Effective October 1, 2018

## Availability

This rate is available for customers with metered or contract demand less than 5,000 kW for electric service to commercial, industrial, and governmental customers, and to institutional customers including, without limitation, churches, clubs, fraternities, orphanages, nursing homes, rooming or boarding houses, and like customers. This rate shall also apply to customers to whom service is not available under any other resale rate schedule.

## Base Electric Charges

### GSA-1

If the customer's highest billing demand during the latest 12-month period is not more than 50 kW and the customer's monthly energy usage for any month during this period do not exceed 15,000 kWh.

Monthly Customer Charge: \$15.90 per account  
 Monthly Energy Usage Charge: 9.602¢ per kWh\*

### GSA-2

If the customer's highest billing demand during the latest 12-month period is greater than 50 kW but not more than 1,000 kW or the customer's billing demand is less than 50 kW and its energy usage for any month during such period exceed 15,000 kWh.

Monthly Customer Charge: \$15.90 per account  
 Monthly Demand Charge: First 50 kW – no charge  
 Over 50kW – \$16.24 per kW  
 Monthly Energy Usage Charge: First 15,000 kWh – 9.602¢ per kWh\*  
 Additional kWh over 15,000 – 4.044 ¢ per kWh\*

### GSA-3

If the higher of the customer's currently effective contract demand or its highest billing demand during the latest 12-month period is greater than 1,000 kW, but not more than 5,000 kW. Manufacturers with Standard Industrial Classification (SIC) codes 20 – 39 can receive a manufacturing credit.

Monthly Customer Charge: \$190.63 per account  
 Monthly Demand Charge: First 1,000 kW - \$16.19 per kW  
 Additional kW over 1,000 - \$18.72 per kW  
 Monthly Energy Usage Charge: 4.044¢ per kWh\*

\*Subject to current fuel cost adjustment.  
 Current fuel cost adjustment available at [www.epb.com](http://www.epb.com)

- 
- Excess Demand:** \$18.72 per kW in excess of the higher of 2,500 kW or contract demand
- Manufacturing Credit:** This credit is only for manufacturers with SIC codes 20 through 39 if the monthly metered demand is at least 1,000 kW, but less 5,000 kW. The credit is calculated as follows:
- First 1,000 kW, a credit of \$1.38 per kW
  - Remaining kW, a credit of \$1.63 per kW
  - For all energy usage, a credit of 1.076¢ per kWh

## Determination of Demand

EPB will meter the demands in kW of all customers having loads in excess of 50 kW. The metered demand for any month shall be:

- (a) the highest average load in kW during any 30-consecutive-minute period of the month
- (b) 85 percent of the load in kVA plus an additional 10 percent for that part of the load over 5,000 kVA
- (c) Not less than 30 percent of the higher of the currently effective contract demand or the highest billing demand established during the preceding 12 months

## Minimum Bill

The monthly bill for GSA1 & GSA3 will not be less than the sum of

- (a) The customer charge,
- (b) The demand charge applied to the customer's billing demand,
- (c) The energy charge applied to the customer's energy usage

The monthly bill for GSA2 will not be less than sum of

- (a) The customer charge,
- (b) 20% multiplied by \$15.59 multiplied by the higher of the current effective contract demand or the highest billing demand established during the preceding 12 months

## Seasonal Service

Customers may contract for service on a seasonal basis but are limited to 2,500 kW and shall pay the above charges plus an additional seasonal use charge:

- GSA1: 1.03¢ per kWh per month  
GSA2: 1.03¢ per kWh for the first 15,000 kWh per month and  
\$3.09 per kW per month of billing demand in excess of 50 kW  
GSA3: \$3.09 per kW per month of billing demand

## Contract Requirement

EPB requires contracts for customers whose demand requirements exceed 1,000 kW, these contracts will be for an initial term of 1 year. The customer will contract for its maximum requirements, which will not exceed the amount of power capable of being used, and EPB is not be obligated to supply power in excess of the contracted demand.

## Complete Rate Information

This GSA Rate Schedule Summary is a condensed version of the official October 2018 rate schedule and is only intended to be used for informational purposes. For more complete and specific details, please call EPB at 648-1BIZ (1249) to request the more comprehensive Rate Schedule for October 2018. Please note that all bills are calculated based on the official rate schedule and fuel cost adjustment formula and electric service is subject to EPB's Rules and Regulations.

\*Subject to current fuel cost adjustment.
